Make a little time for yourself

Put the kettle on and settle into a few familiar words. This collection moves through British places, traditions, hobbies and everyday pleasures. Some themes may bring back a memory; others might suggest your next day out. There is no timer and no score to chase. Start wherever you like, and take each puzzle at your own pace.

How to enjoy your puzzles

Find each of the twelve words or phrases listed beneath the grid. Words run in straight lines: across, down or diagonally, forwards or backwards. Spaces and punctuation disappear in the grid. Circle each word and cross it off the list. Letters may be shared. The answer pages at the back highlight every word. Use a pencil if you like to change your mind.
